

NO ACTION IN CONDEMNATION SUIT AT ONCE

Will Be Three Months Before
Petition Goes to Court
for First Hearing

It will be three months at least before actual hearing will be begun in federal court of the petition to condemn the property comprising the site for Honolulu's new federal building. The first step towards the hearing will be a search by the marshal to determine how many of the respondents can be found. Following the making of his return, the petition will be published in the local press for a period of about three months. In the meantime the respondents may answer or otherwise plead as they see fit. That the petition will be contested, although probably not strenuously, is the statement of the district attorney's office.

Assistant District Attorney S. B. Kemp filed the petition in the clerk's office yesterday. Service of the petition by the marshal on the various respondents will be begun immediately.

DANCE TONIGHT

A Sport or Shirlwaist Dance will be given by the Theodore Roosevelt Auxiliary, U. S. W. V., at Mansfield Hall, Fort Shafter, Friday evening. All our friends are cordially invited to attend. Busses will meet cars at Kamehameha IV road between 8 and 9 o'clock.—Adv.

For the first time in the history of the Valley Island courts, damages have been assessed against the county of Maui. In Circuit Judge Edin's court last week a verdict for \$2000 was secured by Charles Reinhardt against the county in an action for damages.

She Wrote:**

"It is so excellent that I want you to send me another, as I want to give it to a friend."

This is an extract from a letter we received from Australia last week. She had purchased a "Little Gem" Ear Phone when passing through Honolulu on her way home from the states, and she was so pleased with it that immediately upon her arrival she wrote us to send her another.

REPORT REBELS OF CHINA CALL UPON JAPANESE

News brought by the steamer Kwan to Maru from Japan is that the Chinese revolutionary party in Japan is employing retired Japanese naval officers and seamen for their Yalu river fleet.

Their agents are very active near Yokosuka, Kure and Maizuru naval stations. It is said that the Chinese revolutionists do not depend upon their own seamen, especially in the time of war, and it is reported that the agents have already engaged 500 officers and men who are on the retired list, about same number were shipped to China from the port of Kobe on the night of April 30. These men are supposed to take command of the river fleet. It is said that they are paying 800 yen per month for officers and 200 yen for sailors.

The Japanese government is trying to prevent the movement and has ordered the police department to arrest the agents and runners.

RAPID PROGRESS IS MADE UPON SCHOOL HOUSE

Foundations are in, the flooring is nearly completed and the concrete forms are well under way on the Central Grammar School addition. Henry Freitas, building inspector, is putting much of his time into the job and he says that the contractor is pushing the work ahead as rapidly as possible. The breadfruit tree planted by Governor Carter on arbor day about 12 years ago has been transplanted and is beginning to flourish once again on the Vineyard street side of the grounds. A number of other trees that interfered with the building have also been transplanted and are doing well.

A proposal to change the prosaic "Central Grammar" to the more euphonic "Keelkolani" school has been made to H. W. Kinney, superintendent of public instruction. "Keelkolani" is the Hawaiian name of Princess Ruth, who made her home for years in the building now used for the school.

WHO'S WHO IN BOSSING LEADS TO POLICE COURT

Who was boss seemed to be the root of the trouble between W. W. Hole and George Lynch in Kellogg's auto shop May 3. Lynch was found guilty in police court yesterday of assault on Hole and fined \$10. He filed notice of appeal.

Lynch said he went to work at Kellogg's with the understanding that Hole would do no bossing; that this Hole persisted in doing, however, and finally that when Hole made threatening movements, Lynch pushed him away with the palm of the hand.

Hole says Lynch struck him in the eye with the clenched fist, causing considerable pain and expense of doctor bills. Hole admitted on the stand that he wanted to convict Lynch if possible that he might bring suit for damages. Prosecutor Chillingworth declined to make any recommendations to the judge in this case.

President Wilson signed the bill incorporating the American Academy of Arts and Letters.

Thirty-two soldiers and about forty citizens were killed by a mob at Chang Chow Fu, Fukien, China.

THOMPSON IS CONFIDENT OF APPOINTMENT

Says He Won Both Cases
Which Were Referred to
Senate Committee

J. Wesley Thompson remains confident that the senate judiciary committee will act favorably on his nomination as a Hawaii circuit judge.

Commenting today on the two documents which have been forwarded to the senate committee, which are copies of documents filed in divorce and habeas corpus cases in the local courts, Mr. Thompson says:

"The joke of these protests is this: In each of the cases in question I won hands down. The opposing attorneys did not even file demurrers or other answers to the suits brought by me, nor were appeals ever taken. It is upon this that I base my confidence in receiving the appointment."

Mr. Thompson says that he has received, indirectly, favorable information from Washington regarding the status of his case. He expects definite information early next week.

START MOVE TO CLOSE CITY'S STORES JUNE 12

Honolulu's stores will close at noon Saturday June 10 and stay closed until the following Tuesday morning if plans broached at yesterday's meeting of the board of retail trades of the Chamber of Commerce go through. All the merchants present agreed to close and it was decided to circulate an agreement among the storekeepers of the city for all to sign.

Report of the Kamehameha Day celebration committee was received and W. H. McInerney elected chairman of the board as told in yesterday's Star-Bulletin.

Wallace R. Farrington, chairman of the special committee, told of a newly discovered feature of the celebration, a competitive drill to be held by the National Guard June 11. There was a movement started to have local firms with space contracts with other island newspapers turn over their space for a couple of weeks to Raymond C. Brown, secretary of the chamber of commerce, for Kamehameha Day advertising. There was also some talk on the subject of introducing pennies in Honolulu and then the meeting adjourned.

THREE ARE HELD IN \$500 BAIL FOR AUTO THEFT

Three soldiers suspected of stealing Fred Makino's Ford Monday night and smashing it were arraigned in police court this morning and committed to the circuit court, providing they are indicted by the grand jury. They are charged with first degree larceny. Bail was set at \$500 each.

The men have no friends here and were a sad looking trio when they stood before the judge. They admitted they were drinking but declared they had nothing to do with taking the car. Their regiment left here on the transport Sherman the night of the smashup.

Several witnesses testified that they saw six soldiers jump from the machine after it struck a telephone pole at Nuuanu and Bates streets; that they followed three of them until the police made the arrests and that H. Anderson, C. N. Norloff and J. E. McDonald were the ones taken.

The car was taken from near the Liberty theater while Mr. Makino was attending the show. It was badly wrecked but insured for \$300. The police believe the soldiers took it to make a wild effort to catch the transport which was just then leaving port.

GIRL COULD NOT WORK

How She Was Relieved from
Pain by Lydia E. Pinkham's
Vegetable Compound.

Taunton, Mass.—"I had pains in both sides and when my periods came I had to stay at home from work and suffer a long time. One day a woman came to our house and asked my mother why I was suffering. Mother told her that I suffered every month and she said, 'Why don't you buy a bottle of Lydia E. Pinkham's Vegetable Compound?'"

My mother bought it and the next month I was so well that I worked all the month without staying at home a day. I am in good health now and have told lots of girls about it."—Miss CLARICE MORIN, 22 Russell Street, Taunton, Mass.

Thousands of girls suffer in silence every month rather than consult a physician. If girls who are troubled with painful or irregular periods, backache, headache, dragging-down sensations, fainting spells or indigestion would take Lydia E. Pinkham's Vegetable Compound, a safe and pure remedy made from roots and herbs, much suffering might be avoided.

Write to Lydia E. Pinkham Medicine Co., Lynn, Mass. (confidential) for free advice which will prove helpful.

Underwood Addendagraph

We have received our first shipment of this newest product of Underwood genius. The machine is designed primarily to unite effectively the features of the typewriter and the listing adding machine, either for individual or combined use. The Underwood Company, however, makes the distinction between machines, having an attachment to make a typewriter register addition, and the addendagraph, which although embodying all the features of the Underwood typewriter itself, is treated as a unit, making a single machine of the writing section and the adding and subtracting features.
